

# 60th Anniversary: March on Washington

## Then...

Six decades ago, an estimated 250,000 people gathered at the Lincoln Memorial, in the nation's capital, for the March on Washington for jobs and freedom. Martin Luther King Jr.'s "I Have a Dream" speech that day, August 28, 1963, has since emerged as a paramount symbol of the push for racial and social equality.

Dr. King's 1963 speech is credited with helping to pave the way for significant federal voting rights legislation, as well as the landmark 1964 Civil Rights Act. But pushback and violence followed, too. Just two weeks after the gathering, four Black children were killed by the 16th Street Baptist Church bombing in Birmingham, AL. A year later, voting rights marchers were brutally beaten while crossing the Edmund Pettus Bridge in nearby Selma.

Commemorations of the original 1963 March have taken place over the decades, and Dr. King's speech continues to resonate — both serve to honor America's push and pull toward justice.

## Now

On August 23, 2023, people carried "Black Lives Matter" banners and wore "I Have a Dream" t-shirts, as they listened to speeches and marched to King's statue (vs. Lincoln). Speakers addressed lingering issues, with added concerns about Black history being scrubbed from K-12 education, the chipping away of abortion access, the Supreme Court abolishing race-conscious college admissions, and LGBTQ rights reversals.

And while the crowd size was smaller, than the quarter million people who turned out in 1963, this year's event boasted some undeniable signs of progress. Many of the speakers at the podium were women: only one female speaker was featured at the original march.

### Mayor's Message

Hello all North Brentwood residents! September '23 is upon us, fall is upon us, the holidays... oh how time has gone by. The M&TC begins regular Town meetings Tuesday, September 5, at 7:30 pm via Zoom. Info is on the back of this newsletter. Please join us, we need you.

## Mayor's Message: *Continued from page 1*

We have been working diligently to get Sis's Tavern open. Only a few items are needed to obtain the Use and Occupancy Permit. Once we've done that, we will work on rental details, which should be forthcoming by the end of the year or sooner. I know it's been a long time, but we are much closer now.

Additionally, we will be working on a pavilion placement in the mural park. There are a few obstacles, but obtainable, because the pavilion is being placed in the Chesapeake Bay Critical Area. Once we have the necessary information, concerning the conservation plan and blueprint of the footing placement, you will see the pavilion go up quickly.

In upcoming Town meetings, we will discuss the uptick of crime in North Brentwood and all over the county. There have been a string of crimes involving Hyundai, Kia, Toyota and Honda cars throughout PG municipalities. Tires have been taken off cars in North Brentwood, and left on the street stripped.

There was also an incident of a hit and run on Windom Road. The suspects thought Windom Road was a way to escape, but the barrier prevented that: they got away on foot. County police were called, and a report made. We've checked with neighbors to view ringer videos to no avail. (There are pros with ringers, but there are cons too: suspects can be out of range, and ringers can also lose connection from WIFI and occasionally miss motion.) I've been in touch with Asst Commander Michael Ebaugh, of the Prince George's County Police Hyattsville division; he assures me North Brentwood surveillance will be more visible.

As you know, police cannot be around all of the time and often not the time you need them. The M&TC will be discussing other methods in the Town that can be used for surveillance. It may be pricey, but I think we need to look at it to keep our neighborhood safe. This may deter crime, but we as citizens are responsible for looking out for our community too. So, stay vigilant.

Now to a brighter topic, our kids are back to school. M&TC wishes all children a successful year and continued safety. If you are home when you see our community's children, keep an eye on them. We all must work together.

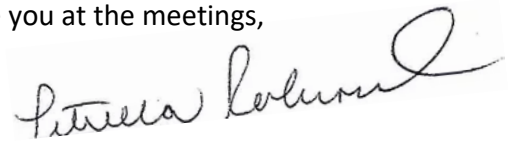

The 100th Anniversary of the Town is 2024. The planning committee met for the first time in August and will be preparing for a festive event (Dinner Dance) on Saturday, June 8, 2024, at Martins Crosswinds from 7 to 11 pm.

I personally would like to shout out birthdays:

1. Previous Mayor Lillian Beverly (May 2023)
2. Previous Mayor Arthur Dock (June 2023)
3. Oldest resident – Rose Holland (August 2023)

Reminder: To be a good citizen, it's important to put yourself in other people's shoes and see the big picture. If everything you see is rooted in your own identity that becomes difficult or impossible.

See you at the meetings,

## PGPD: Crime in North Brentwood

The Prince George's County Police Department is aware of the recent local crimes Mayor Robinson mentioned. These types of crimes have become more frequent in various municipalities. We understand the urgency of addressing this issue, especially in North Brentwood, an area without its own police force. Rest assured, PGPD takes this matter very seriously; we aim to enhance community safety as swiftly as possible.

In response to Mayor Robinson's request, county police will increase patrols in the Town effective immediately. This will include both daytime and nighttime drive-throughs by our officers, as well as more in-depth spot checks at key locations where these crimes are most likely to occur.

Additionally, our community policing team will reach out to residents, to provide tips about how to protect property and solicit info to help apprehend individuals responsible for these crimes. Thank you for your active involvement and partnership in keeping our community safe. Together, we can create a secure environment for all residents.

## Fall Update: COVID-19, RSV and Flu Shots

Vaccination season is just around the corner, and officials will rollout an updated COVID vaccine, and new tools to protect against RSV. This year, US adults may get flu shots and updated COVID boosters at their local pharmacy or doctor's office. Some experts predict flu and RSV will return to pre-pandemic levels, though they caution the tripledemic is unpredictable.

### When to Get Shots in Fall 2023

The FDA and CDC will likely review a fall version of the COVID vaccine by mid-September. Guidance about who is recommended to get that shot will come then.

"...On the COVID vaccine front, we will now likely have one vaccine shot that's going to be recommended every year. That's a simplification from random boosters that have been recommended at various times prompted by the changing variants of COVID," states Dr. Joseph Kanter, Louisiana Dept. of Health.

Getting vaccinated for influenza in September or October is the best timing, per the CDC; but, it's okay to vaccinate later in the season – and *it's safe to get COVID and flu shots at the same time.*

Because RSV immunizations are new, for now, talk to your doctor about when to get RSV shots.

## COVID-19 Vaccines

Being up to date on COVID vaccinations is important to maximize protection against the disease. There is an update to 2022's bivalent booster, which combats the BA.5 and BA.4 sub-lineages of the Omicron variant.

The upcoming COVID shot is expected to protect against newer variants circulating this season, to prevent severe disease and death, especially for the elderly and immuno-compromised.

### Influenza Shots

The updated flu vaccination formula has been set for this fall. Everyone 6 months and older should get the annual flu shot, the CDC said, a recommendation that has remained consistent since 2010.

Symptoms from an influenza shot are better than getting full-on seasonal flu, which kills up to 52,000 Americans annually. Each year, scientists update the flu vaccine to match currently circulating variants.

### RSV Shots

RSV is a viral infection with mild symptoms for most people, but it can be deadly for the elderly and kids. This year, for the first time, adults over 60 may get a vaccine (at pharmacies) to reduce the risk of RSV. "We're incredibly excited to see a RSV vaccine on the market this fall for those greater than 60 and thinking about risk benefit in combination with their primary care provider, as well as a longer acting monoclonal antibody to protect those who are youngest from this disease," Dr. Anne Zink told ABC News.

Additionally, a new immunization, Beyfortus, is approved for infants younger than 8 months entering their first RSV season. Some high-risk infants may be eligible for a second shot the following year.

A third type of RSV shot might also be available this year, pending CDC sign-off. It's a vaccine given during pregnancy, to possibly pass immunity to newborns.

### Plan Ahead

Health officials are urging the public to plan ahead to schedule vaccinations. "Predicting the behavior of seasonal respiratory viruses is a hazardous occupation, but with 100% assurance, all three viruses will be active, exactly how severe we don't know," says Dr. William Schaffner, Professor of Infectious Disease at Vanderbilt University School of Medicine.

## Governor's Office on Service and Volunteerism

Governor Wes Moore created the Department of Service and Civic Innovation (DSCI) when he signed SB551, the Serving Every Region through Vocational Exploration Act

2023, also known as the SERVE Act. The Department of Service and Civic Innovation (DSCI) aims to promote service and volunteerism in the state.

“

This is a passion project for me because I am living proof of the power of service. My journey to the governor's office was paved by individuals who believed in me and pushed me. I'm committed to now paying that service forward.

This generation of young people is facing unprecedented challenges – from gun violence to climate change, to growing economic inequality. And while we are doing everything in our power to address these challenges from Annapolis, these policies cannot feed the souls of young people.

### **Service will save us.**

So, please, help spread the word to any Marylanders you know who are 18 to 21 years old. We have hundreds of opportunities available to earn a living wage and experience the power of service. They just need to go to [Serving.MD.gov](https://dsci.maryland.gov) to apply.

”

### **What is the difference between the Service Year Option and Maryland Corps?**

- The Service Year Option is a program for individuals who have graduated from a Maryland high school, or earned an equivalent diploma or certificate, within the past three years (Class of 2020, 2021, 2022, or 2023).
- The Maryland Corps is open to all eligible adults.
- Participants of both programs are paid \$15 per hour and are eligible for a \$6,000 completion award after at least nine (9) months of service.

### **How long is the commitment?**

- The Service Year Option and Maryland Corps are full-time (40 hours/week) commitments over a period of nine (9) months.

### **How do I sign up?**

- Go to <https://dsci.maryland.gov>.

### **If I am accepted, when would I start?**

- DSCI accepts applications on a rolling basis. Those who applied by September 1, 2023 will be considered for the 2023-2024 service term for the Service Year Option and Maryland Corps.
- Members, of either group, are slated to begin service in mid-to-late October 2023.

### **I've completed my application.**

#### **What are my next steps?**

- You should expect to receive guidance on next steps within two (2) weeks.

#### **What would I need to do to verify**

#### **that I am a Maryland resident?**

- Verification of Maryland residency includes a valid state driver's license, a lease, utility bill, checking or savings account with a MD address, and/or mail sent to the applicant's MD address from a government agency.
- If you have questions about verification, email [dsci.gov@maryland.gov](mailto:dsci.gov@maryland.gov) or call 1.888.769.7479.

#### **Do I need to be a US citizen?**

- You do not need to be a US citizen to participate in either the Service Year Option or the Maryland Corps, but you must possess the right to work for the entire duration of the program.

## NBCA Backpack Giveback

NBCA had an overflow of backpacks, which they gave to Front Porch Ministry, which was founded by the previous mayor of Mt. Rainier. The group ensured the word got out, so our amazing scholars were prepared for the first day of school.

## Code Officer Cuffie's Corner

North Brentwoodians frequently ask: "Does my home improvement project require a permit?" and "How much does it cost?" All permits cost \$25. For two projects, you need two permits.

### Things for which you need a permit:

- Decks
- Roof (Repair or Replacement)
- Dumpsters
- Siding
- Driveways
- Sheds
- Steps (Repair or Replacement)
- Walkways
- Yard Sales
- Porch (Repair or Replacement)
- Fence (Repair or Replacement)

### Things for which you DO NOT need a permit:

- Windows (Repair or Replacement)
- Door (Repair or Replacement)
- Exterior Painting

**You may also need a County permit: all permits must be displayed in a window.** Please call Code Officer Cuffie, before starting your project. Permit forms may be downloaded from our website ([northbrentwood.com/town-services](http://northbrentwood.com/town-services)) or obtained at the Town Hall on Monday, Tuesday and Thursday from 9 am to 1 pm.

Starting the first Monday in April, each year, you will be **fined \$100** if the following things are out by the curb, before the date of pickup: trash/bulk 4 items only (Tuesdays only); trash/recycle (Fridays only); and Yard waste (Mondays only).

**Note:** Our trash company no longer takes appliances. It is your job to find another way to dispose of these items, including: refrigerators, stoves, dishwashers and freezers.

## MD Restaurant Week: September 15-24

Maryland Restaurant Week's fourth year kicks off on September 15. For ten days, all counties and all restaurants will celebrate and support the restaurant industry. For participating restaurants: there are no food course requirements, no prix-fixe menus are needed, and no entry fees will be charged; as well, special menus, discounts, or seasonal fare for dine-in, curbside, or carryout may be offered.

The dining public is invited to enjoy the Week-specific specials. This event is brought to you by the Restaurant Association of MD and generous sponsors. For a complete list of participating restaurants please visit [marylandrestaurantweek.com/participating-restaurants/](http://marylandrestaurantweek.com/participating-restaurants/).

## Sept: National Suicide Prevention Month

We can all help prevent suicide. Every year, the Lifeline network, and other mental health organizations and individuals across the US, and around the world, raise awareness of suicide prevention during September.

#BeThe1To is the 988 Suicide & Crisis Lifeline's message (for National Suicide Prevention Month and beyond), which helps spread the word about actions we can all take to prevent suicide. The Lifeline network and its partners are working to change the conversation from suicide to suicide prevention and what actions promote healing, help and give hope.

## Hispanic Heritage Month

Each year, National Hispanic Heritage Month is observed from September 15 to October 15 – by celebrating the histories, cultures and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean and Central and South America. The observation started in 1968 as Hispanic Heritage Week under President Lyndon Johnson; it was expanded by President Ronald Reagan, in 1988, to cover a 30-day period starting on September 15 and ending October 15.

The day September 15 is significant because it's the anniversary of independence for Latin American countries Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua. In addition, Mexico and Chile celebrate their independence on September 16 and September 18, respectively. Also, Columbus Day, or Día de la Raza, which is October 12, falls within this 30 day period. As PG County grows and changes, we want to celebrate the amazing diversity of art and culture people of Hispanic and Latin descent add to the rich tapestry of our neighborhoods.
